

AZToolkit is a one-stop website to help Arizona's child care providers save time, maximize funding, and share resources.

Child care providers deserve support and bandwidth to spend less time on administrative tasks — in order to be able to spend more time providing quality experiences for children, families, and educators.

AZToolkit is a **shared resources web platform** designed specifically for Arizona's child care and early ed providers. AZToolkit helps providers meet the daily demands of the business administration side of child care by providing resources needed to successfully manage programs, save time and money.

AZToolkit includes **more than 1,800 tools and resources** for finances, operations, human resources, staff training + more — right at your fingertips, all in one website. **AZToolkit benefits include:**

Instant Buying & Saving Power

Score exclusive discounts on child care & health supplies, credit card processing, payroll services + more
(Typical program savings of 20-50%)

AZToolkit Job Bank: Recruit Qualified Staff

Post jobs to popular sites in just a few clicks. Manage applications, recruit/hire qualified staff — *all in one dashboard.*

Resources for Educators & Family Child Care

Access curriculum resources, tools for social-emotional well-being & training around timely topics to meet your staff PD goals.

azaeyc

Arizona Association for the
Education of Young Children

AZToolkit is available to Arizona's DHS-licensed, DES-certified, tribal and military licensed child care providers thanks to funding from Arizona Department of Economic Security Division of Child Care in collaboration with Southwest Human Development.
